

VISITOR PREFERENCE AND LIMITATION REQUEST

Facility Directory

Marklund maintains a facility directory that includes clients' names and room numbers. Unless you object, this information may be given out to callers and visitors who ask for a client by name, along with the client's general condition (e.g., good, happy, healthy, under the weather, etc.). Visitors who ask for a client by name will also be allowed to visit. If you request to opt-out of the facility directory, we cannot inform callers or visitors of your son's/daughter's presence, location, or general condition.

Please check your preference below regarding the facility directory:

Limitation of Visitors

All clients have a right to receive visitors of their choice, including family and friends, at any reasonable hour, subject to the client's right to deny visitation when applicable. (**NOTE:** The parent/guardian is permitted to make visitation decisions on behalf of the client).

Please indicate your preference to limit and/or restrict visitation for a particular person(s):

Check here if limitation or restriction of visitors does not apply
