

Important Update re: COVID-19

from Gil Fonger, President & CEO

Nov. 9, 2020; 3 p.m.; Issue 52

- **Positive staff cases:**

Hyde Center, Geneva:

A direct care employee on the Hyde Center campus tested positive for COVID on Monday night. She last worked Monday, Nov. 9, at the Richard Home (MRH). All residents at MRH will be tested. Contact tracing has identified eight people to be tested in addition to the 16 residents. Round 1 testing will be completed today. The home will move back to Phase 1 and outdoor visits are being canceled until our surveillance testing is clear. Virtual visits will continue.

Philip Center, Bloomingdale:

An administrative employee at the Marklund Philip Center (MPC) also tested positive for the COVID-19 virus. This employee last worked on Thursday, Nov. 5, on the Administration side of MPC. There had been no contact with residents and no direct exposure to staff who care for residents. However, to be safe, the DuPage County Health Department requires testing of all residents and staff.

- **Other updates:**

We are still awaiting results of the second round of testing completed yesterday on support staff at the Hyde Center, as well as the first round of testing also taken yesterday on staff and residents at the Wasmond Center identified through contact tracing as having been exposed to a positive staff member.

As we see a bit of a surge occurring in our region, it is more important than ever for all staff to remember to be very diligent in wearing masks, social distancing and hand washing whenever at work or at home.

We will get through this together.
