

Important Update re: COVID-19

from Gil Fonger, President & CEO

March 30, 2022; 5 p.m.; Issue 173

- **Positive employee in Bloomingdale:**

A direct care employee (up-to-date/boosted) at the Philip Center (MPC) in Bloomingdale tested positive today after developing mild symptoms. This person last worked Tuesday, March 29, but had no close contact with residents and very limited contact with a few staff members while wearing a mask and social distancing. Contact tracing and first round testing of all residents and most staff is completed. This puts MPC in Outbreak Status until April 14, therefore outings are cancelled, and volunteer activity is put on hold.

- **Updates to Visitation FAQs:**

Please see the attached document for revisions to our “Visitation FAQs.”
