

# Important Update re: COVID-19

*from Gil Fonger, President & CEO*

Aug. 16, 2022; 3 p.m.; Issue 233

**Marklund Philip Center (MPC), Bloomingtondale:** A direct care staff member tested positive yesterday after developing symptoms Sunday night, Aug. 14. PCR is pending to confirm. This employee did not work during the 48-hour infectious period prior to developing symptoms so this case does not affect MPC’s outbreak date.

**Marklund Hyde Center (MHC), Geneva:** An employee in the Administration wing of MHC tested positive offsite today after symptom onset. PCR is pending. This person was off yesterday so was not in contact with any other staff during the pre-symptom infectious period. This does not affect the status of any home.

Thank you—
