

Important Update re: COVID-19

from Gil Fonger, President & CEO

Aug. 2, 2022; 5 p.m.; Issue 226

Positive cases in Geneva and Bloomingtondale:

Hyde Center (MHC), Richard Home (MRH), Dreher Home (MDH), Geneva:
Two Support Staff employees tested positive today after developing symptoms. One person last worked yesterday at MHC, so this case does not affect the 16-bed homes. The other worked in MRH and MDH. Contact tracing is being completed and close contacts are being notified. This puts MRH and MDH into Outbreak Status to Aug. 17. Employees and residents who require it will be outbreak tested.

Marklund Philip Center (MPC), Bloomingtondale: A direct care employee tested positive today after symptom onset last Friday. This puts MPC into Outbreak Status to Aug. 13.

Marklund Day School, Ann Haskins Center, Bloomingtondale : An employee at the Ann Haskins Center of MDS-Bloomingtondale tested positive yesterday after reporting symptoms. This person had been offsite on PTO since July 27, so the case is not considered facility-based and will not affect the school’s status.

Take care,

GILBERT FONGER, President & CEO,
