March 8, 2019

Dear Families,

It is my pleasure to announce that Lena McNichols, has been promoted to the Director of Nursing position at Marklund Wasmond Center. Please welcome her to her new position. Lena has been part of the Marklund team since 2014. She began as an RN on our night shift, transferred to days and transitioned to a Nurse Case Manager position in 2016.

She is a true professional; she exhibits critical thinking skills, compassion, outstanding communication and supervisory skills and great flexibility. She will continue to ensure that our nursing staff maintains the high standards of care that Marklund provides. She is proficient in managing patients' data and medical records; she interacts well with doctors, residents and family members. She will strive to make everyday life possible for individuals with profound disabilities.

Lena and I are looking forward to 2019 being the year of positive change at MWC for everyone...residents, families and staff!

Warmest regards,

*Michelle Orwig
