

Important Update re: COVID-19

from Gil Fonger, President & CEO

- **Positive case at Geneva campus—No Outbreak**

A staff member who works at the Geneva campus received a positive test result for COVID yesterday. This person, who is unvaccinated, has not been on-site for weeks after being on leave and was recently exposed to a positive individual. A home test came back positive and has been confirmed by a laboratory test. Although this will not affect the status of the Geneva campus, IDPH requires that this information be shared.

- **Status at Geneva homes**

Both Tommy and Sayers homes on the Geneva campus are no longer on Outbreak Status.

A big thanks to our staff for continuing to support our residents and each other!
