

## Important Update re: COVID-19

*from Gil Fonger, President & CEO*

Dec. 18, 2021; 4 p.m.; Issue 135

- **Additional staff case in Geneva**

Last night, another In-House Registry (IHR) employee on the Geneva campus tested positive for the COVID-19 virus. This person is vaccinated and asymptomatic, and was being tested due to the Outbreak Status at MVH.

As stated yesterday, all homes on the Geneva Campus are in Outbreak Status, and as a result, **all employees — direct care staff, therapy, maintenance and housekeeping — that work in those facilities will have to be tested.**

Again, we are **allowing in-room visitation with residents** during this period. Any fully vaccinated residents **who test negative after the first round of testing on Monday** and remain asymptomatic will be allowed to go home for the holiday if scheduled to do so.

It is our utmost goal to do whatever we can to keep our residents and staff safe while still allowing families to celebrate the holidays together.

- **Community Day Services**

Community clients in our Geneva CDS program have not been affected by this outbreak and may attend classes Monday.

Regards,
