

## Important Update re: COVID-19

*from Gil Fonger, President & CEO*

- New case in Geneva

A vaccinated employee from the Geneva campus tested positive yesterday after a community exposure. This person worked at the Marklund Dreher Home (MDH) on Monday. This pushes the Outbreak Status for MDH through Jan. 4, if no additional cases are discovered. Residents are still being tested as part of the broad-based approach since all homes are on Outbreak.

All other homes on the Geneva campus will remain on Outbreak through Jan. 1, and the Philip Center through Jan 2, barring new cases.

We will continue to update everyone if anything develops.

Take care—
