

Important Update re: COVID-19

from Gil Fonger, President & CEO

Jan. 17, 2022; 3 p.m.; Issue 159

• **New positive staff and resident COVID cases:**

- **Marklund Day School (MDS) Bloomingtondale:** A school staff member received positive PCR results over the weekend. This individual (vaccinated/boosted) is currently asymptomatic. Contact tracing has been completed for staff and students, and those determined to be in close contact were notified.

- **Sayers Homes (MSH), Geneva:** A resident (vaccinated/boosted) tested positive upon returning back to Marklund this weekend after a non-COVID-related hospital stay, and was re-admitted to the hospital yesterday to proactively start antiviral therapy. This resident is currently stable and responding well to treatment. The case is considered hospital-acquired so will not change the Outbreak end date for MSH.

Thank you,

GILBERT FONGER, President & CEO,
