Important Update re: COVID-19

from Gil Fonger, President & CEO

Feb. 24, 2022; 2 p.m.; Issue 170

- **COVID Positive resident in Elgin:**

Unfortunately, COVID-positive test results arrived late yesterday for a resident on the North Side of MWC. This resident (unvaccinated) is a new admission and as such has been in a single room under droplet/contact precaution protocol so there was not any close contact with other residents, and staff were all wearing appropriate PPE when in the room. So, technically due to IL Dept. of Public Health (IDPH) regulations, this means Wasmond Center (MWC) continues to be in outbreak status. All residents and staff will go through outbreak testing on Friday and Tuesday.

I want to thank the staff at the Wasmond Center for their patience and assistance with helping to get through this latest development.

Regards,

GILBERT FONGER, President & CEO,
