# Important Update re: COVID-19

## *from Gil Fonger, President & CEO*

### April 20, 2022; 3 p.m.; Issue 178

- **Third positive case with Day School staff**

**- Marklund Day School (MDS), Bloomingdale:**

A school employee at the Ann Haskins Center in Bloomingdale (vaccinated/not boosted) tested positive yesterday during contract tracing following an exposure to a positive employee last week. This person is currently asymptomatic. Since this is the third connected employee to test positive at that school, all staff must mask for 10 days as part of the required mitigation procedures we have in place at Marklund.

- **Mask mandate stays in place at Marklund**

Just a reminder that although Gov. Pritzker amended the Illinois mask mandate to no longer require masks on public transportation, and in most public places, those of us at long-term-care facilities are still required to mask up while at work.

Regards,

GILBERT FONGER, President & CEO,
