• **COVID cases at Day School, Geneva**

**- Marklund Day School-Geneva (MDS):**

Two staff members in the Foglia Education Center (FEC) at MDS-Geneva tested positive yesterday, April 30, after having had an on-site exposure. Both worked all week in the classrooms. Contact tracing has been completed; employees as well as parents of students designated as close contacts have been informed.

This latest development puts FEC in Outbreak Status, which means all staff will be required to wear masks through May 27, according to the school’s mitigation plan and the guidance from IDPH and ISBE. Those students identified as close contacts are required to remain home for 10 calendar days after the last date of exposure to the probable COVID-19 case, so may return to school on May 10, 2022. Students who are able to wear a mask are eligible to return after 5 days, on May 5, 2022.

Take care,

GILBERT FONGER, President & CEO,
