

Important Update re: COVID-19

from Gil Fonger, President & CEO

May 12, 2022; 3 p.m.; Issue 187

- **Additional residents test positive**

Two additional residents at the **Marklund Richard Home (MRH)** in Geneva tested positive for COVID during outbreak testing. One is vaccinated/not boosted and is asymptomatic; the other is vaccinated/boosted, and also without specific symptoms.

Staff has worked out an isolation arrangement for the three positive residents currently at that home.

The quarantine date for MRH remains through May 26, or until all residents test negative in two consecutive rounds of testing.

With multiple residents and staff involved in this latest surge of cases, it appears that this strain is highly contagious. Again, I'd like to thank all of our staff for continuing to provide such amazing care and support for our residents during these stressful times.

Regards,

GILBERT FONGER, President & CEO,
