

# Important Update re: COVID-19

*from Gil Fonger, President & CEO*

June 16, 2022; 3 p.m.; Issue 213

- **Marklund Van Der Molen Home (MVH), Geneva:** A direct care employee tested positive today after having a community exposure. This person is asymptomatic at this time. This puts MVH in Outbreak Status through July 1. However, since all residents were recently positive and are now cleared, they will be able to attend CDS, and will not be tested unless they become symptomatic.
- **Marklund Philip Center, (MPC), Bloomingdale:** 1) An administrative employee received positive results from a PCR test taken earlier this week. This person had no contact with other staff or residents. 2) A direct care employee tested positive today via rapid after developing symptoms. This extends MPC’s Outbreak Status to July 1.

Have a nice weekend,

GILBERT FONGER, President & CEO,
