Important Update re: COVID-19

from Gil Fonger, President & CEO

July 5, 2022; 3 p.m.; Issue 216

- **Marklund Day School, (MDS) Geneva:** Two staff members who work at the Foglia Education Center (FEC) of Marklund Day School, Geneva, tested positive for COVID offsite after developing symptoms over the long weekend. Neither one had been in the building in the 48 hours prior to testing positive so no contact tracing is necessary.

  As mentioned previously, MDS is currently in its Extended School Year session, and all teachers and students are being asked to wear masks for the remainder of the session which ends July 21.

- **No sites in Outbreak.**

  I am so pleased to note that for the first time since late April, all of the Marklund residential sites are out of Outbreak Status! Again, a huge thanks goes to the direct care staff who have continued to step up and support our residents during the recent influx of positive cases.

Warmly,

GILBERT FONGER, President & CEO,
