

Important Update re: COVID-19

from Gil Fonger, President & CEO

Aug. 19, 2022; 5 p.m.; Issue 235

Marklund Hyde Center (MHC), Geneva: A support staff member tested positive this morning after developing symptoms. Contract tracing for staff has been completed and affected employees notified. This person was not in contact with residents, so this case will not affect any of the residential facilities.

Marklund Sayers Home (MSH), Geneva: A direct care employee reported symptom onset today at work and tested positive via rapid. PCR is pending. Contact tracing and testing of staff and residents is taking place. This puts MSH into outbreak status to Sept. 3.

Regards,

GILBERT FONGER, President & CEO,
