

Important Update re: COVID-19 *from Gil Fonger, President & CEO*

Aug. 27, 2022; 4 p.m.; Issue 238

New positives in Bloomingdale, Elgin and Geneva

Marklund Philip Center (MPC), Bloomingdale: Two direct care employees tested positive over the past couple of days via rapid test. Both are asymptomatic and PCR results are pending. One of the employees last worked the Wednesday night shift, and the other did not work at MPC during the 48-hour infections period prior to the positive test. MPC’s Outbreak status moves to Sept 9.

Marklund Wasmond Center (MWC), Elgin: An agency staff from MWC tested positive post exposure. While this individual did work Tuesday night, this case does not affect MWC’s outbreak date nor its testing schedule since the other positive at MWC was from Wednesday, after this person had worked. MWC’s Outbreak Status remains at Sept. 8.

Marklund Day School (MDS)-Geneva: A school staff member at the Foglia Education center of MDS-G received a positive result from a PCR done on Tuesday. This person is currently asymptomatic and last worked on Thursday. Contact tracing and notification of staff/guardians was completed yesterday.

Take care,
