

Important Update re: COVID-19 *from Gil Fonger, President & CEO*

Aug. 29, 2022; 3 p.m.; Issue 239

Staff cases in Bloomingdale and Geneva

Marklund Sayers Home (MSH), Geneva: A direct care staff member tested positive via rapid this morning after symptom onset yesterday. This person last worked Saturday 3 p.m. - Sunday 7 a.m. This moves the Outbreak status date for MSH to Sept. 12.

Marklund Day School (MDS)-Geneva: A school staff member at the Foglia Education center of MDS-G tested positive this morning after developing symptoms this weekend. This person last worked on Friday.

Marklund Philip Center (MPC), Bloomingdale: A direct care employee with symptoms received a positive PRC result Saturday evening. MPC’s Outbreak status is currently at Sept. 9; however, we have heard of another staff member coming in later today to be tested.

Unfortunately, we do have reports of symptomatic staff at multiple sites, and are awaiting their test results. Fortunately, those who are testing positive and have symptoms seem to be experiencing minor cold/flu like issues that resolve fairly quickly.

Regards,

GILBERT FONGER, President & CEO,
