New positive cases on Geneva campus

Marklund Haverkamp Home (MHH), Geneva: A direct care employee tested positive yesterday after developing symptoms. This puts MHH into Outbreak Status to Aug. 18. Only a few residents are required to be tested due to past positive cases, and as of this morning, they are negative.

Foglia Education Center (FEC) at Marklund Day School, Geneva: A administrative employee at FEC tested positive on a home test after developing symptoms Wednesday night. This person did not have any close contact with other staff, and there are no students currently in the building.

Thank you —
