

# Important Update re: COVID-19 *from Gil Fonger, President & CEO*

Dec. 14, 2022; 5 p.m.; Issue 283

## Additional positive cases in Geneva

### **Marklund Hyde Center (MHC), Geneva:**

- A direct care employee working at the Hyde Center tested positive this morning during routine testing. This person, who is currently asymptomatic, worked some with some residents and staff from three Geneva group homes, as well as community clients, and those residents involved are being tested. We are not putting the homes into outbreak unless one of the residents or staff from the home test positive.

### **Marklund Tommy Home (MTH), Geneva:**

- A direct care staff at MTH tested positive last night during routine testing. This person is currently asymptomatic, however this does extend the Outbreak status date to Dec. 18.
