

Important Update re: COVID-19 *from Gil Fonger, President & CEO*

Jan. 11, 2023; 4 p.m.; Issue 292

New positives in Geneva

Marklund Haverkamp Home (MHH), Geneva:

A direct care employee tested positive yesterday via her second rapid after symptom onset last Sunday. This person last worked Saturday, and since we began MHH testing on Sunday, the first two rounds still would cover anyone that was exposed. We are still on track for being out of Outbreak Jan. 12, as long as the final round is clear.

Marklund Tommy Home (MTH), Geneva:

An agency staff tested positive late Monday after symptom onset. This person last worked at MTH on Thursday, Jan 5, but this was not within the 48-hour pre-infectious period, so this is not a facility based case and does not put MTH in Outbreak.

Thank you,

GILBERT FONGER, President & CEO,
