Thank you for being a part of the Marklund community!

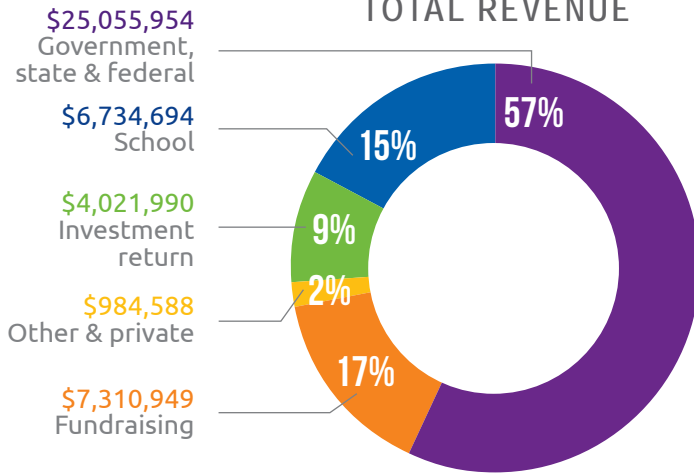

While it would be easy to say the year was stunted by the pandemic, Marklund wouldn't let that stop our progress. We are excited to share the highlights of our last completed fiscal year; all of which was possible thanks to you!

As a critical part of the Marklund story, you help us live out our mission of making everyday life possible for individuals with profound disabilities.

Marklund grew with the opening of the Foglia Education Center at Marklund Day School – Geneva in August 2020. Throughout the year, the 26 students enjoyed using integrated technology in the classrooms, obstacle courses throughout the multi-purpose room, and outdoor activities in the attached playground.

While eight Marklund residents tested positive for COVID-19 during the pandemic, all made full recoveries. Marklund continues to follow stringent personal protective equipment protocol and screens all staff and visitors to keep residents/students/clients safe.

At the end of FY21, Marklund is proud to say that all of the bedrooms at the Philip Center and Wasmond Center have been updated with new hospital beds for safety and resident comfort!
