## New COVID Cases in Bloomingdale, Elgin

### **Marklund Day School (MDS), Bloomingdale**

An employee in the Ann Haskins Center of MDS-Bloomindale tested positive today after developing symptoms. This person did not work during the infectious period, so there were no student or resident exposures.

### **Marklund Wasmond Center (MWC), Elgin**

An administrative employee at MWC tested positive today after developing symptoms over the weekend. This resets MWC’s Outbreak Status to March 28.

### **Marklund Day School (MDS), Elgin**

An employee in the MDS-Elgin classroom located within MWC tested positive today during exposure testing. This individual is currently asymptomatic and only works in the MDS classroom, so while this is an exposure for the students in the room, it doesn’t further affect MWC’s outbreak date.
