

Important Update re: COVID-19 *from Gil Fonger, President & CEO*

April 10, 2023; 3 p.m.; Issue 335

Marklund Dreher Home (MDH), Geneva

There are four new positives in the Dreher Home: One resident developed symptoms last night, while two other residents and a staff member were found to be positive this morning during exposure testing. These three are asymptomatic. The Outbreak Status date for MDH is extended to April 25.

Marklund Tommy Home (MTH), Geneva

Two residents tested positive during exposure testing. They are asymptomatic. An asymptomatic staff member also tested positive (this is the same person who also worked at MDH). The Outbreak Status at MTH is moved to April 25.

Marklund Richard Home (MRH), Geneva

Two staff members (one agency) tested positive today after developing symptoms. This also puts MRH into Outbreak Status to April 25.

Marklund Hyde Center (MHC), Geneva

Two staff, 1 community client: 1) A member of support services tested positive today after developing symptoms. Contact tracing and exposure testing is being conducted. 2) A direct care staff member who works out of MHC tested positive today but has not been onsite since last Wednesday. 3) We were also informed that a community client who attends our CDS program tested positive last Thursday but had not been onsite since last Monday.
